PROFESSIONAL SUMMARY

Cybersecurity-focused B.Tech student specializing in Cyber Security and Forensics, with a strong foundation in information security, vulnerability assessment, threat analysis, incident response, and digital forensics. Familiar with security monitoring, risk identification, malware analysis, and forensic investigation concepts. Possesses a keen interest in identifying security vulnerabilities, analyzing potential threats, and supporting the implementation of effective security measures. Seeking an entry-level cybersecurity opportunity to apply security knowledge, contribute to protecting organizational systems and sensitive data, and develop practical expertise in threat detection, security assessment, and incident investigation.

KEY EXPERTISE
